

### PLUVIAL CATCH PIT

Code	Commercial Description	Dimensions	Conf.	Pallet	Selling Unit
TER06-1385	Pluvial Catch Pit	235 x 125 x 220 mm	0	144	PZ
TER06-1385N	Pluvial Catch Pit - Black	235 x 125 x 220 mm	0	144	PZ

#### Description

The "pluvial" gully pot is an item for the collection and horizontal runoff of the rain water. It allows the disposal of water from rain pipe of the gutter. The bulkhead (provided with the catch basin) allows a perfect siphon effect, avoiding the return of bad odors. Moreover, it can be easily removed for inspection and/or cleaning.

#### Material

Made of PP (polypropylene).

#### Use

Used as an element for the collection of rainwater from the rain pipe of the gutter, directly connected to the water system in the ground.
